

<b>Title</b>	<b>Perform the logistics function in an Incident Management Team (IMT)</b>		
<b>Level</b>	<b>5</b>	<b>Credits</b>	<b>10</b>

<b>Purpose</b>	People credited with this unit standard are able to: plan the logistics response for an incident; manage logistics resource requirements and tasks at an incident; manage the logistics support units activated for the incident response; maintain the logistics support units of an IMT; and manage demobilisation of the logistics support units and conclude logistics coordination activities.
----------------	---

<b>Classification</b>	Community and Workplace Fire and Emergency Management > Workplace Emergency Risk Management
-----------------------	---

<b>Available grade</b>	Achieved
------------------------	----------

<b>Entry information</b>	
<b>Critical health and safety prerequisites</b>	Unit 22445, <i>Describe the roles and functions of a CIMS Incident Management Team (IMT) at an incident</i> , or demonstrate equivalent knowledge and skills.

**Explanatory notes**

- 1 All performance must comply with:  
any agency procedures, coordinated incident management system (CIMS) principles, ethical codes, standards, and cultural requirements of the organisations involved; and any relevant legislative requirements including but not limited to the – Civil Defence Emergency Management Act 2002, Conservation Act 1987, Fire Service Act 1975, Forest and Rural Fires Act 1977, Local Government Act 2002, Policing Act 2008, Health and Safety in Employment Act 1992, Hazardous Substances and New Organisms Act 1996, and Maritime Transport Act 1994.
- 2 Primary references for this unit standard are approved training resources endorsed by the National Joint Agency CIMS Steering Committee. These references are available from the Fire and Rescue Services Industry Training Organisation, PO Box 11988, Wellington 6142.
- 3 Definitions  
An *incident* is a disruption, accidentally or deliberately caused, which requires a response from one or more agency.  
An *event* is an incident or a planned activity that occurs in a particular place during a particular interval of time.

An *emergency* is an event, actual or imminent, which endangers or threatens to endanger life, property, or the environment, and which requires a significant and coordinated response.

*Agency procedures* refer to written agency requirements for responding to, and taking action at, emergencies.

The *coordinated incident management system (CIMS)* is a structure established to systematically manage emergency incidents.

The *incident action plan (IAP)* is a statement of the objectives, strategies, and critical functions to be taken at an incident.

- 4 Evidence for this unit standard can be from an actual event and/or from a simulated incident response.
- 5 Credit for this unit standard does not in itself qualify an individual to hold the appointment of a logistics manager at an incident. An organisation and/or agency may require an individual to display additional competencies and/or hold another qualification or qualifications in order to undertake the role.

---

## Outcomes and evidence requirements

### Outcome 1

Plan the logistics response for an incident.

#### Evidence requirements

- 1.1 Information needs and resources are identified according to the nature of the incident.
- 1.2 Logistics support unit structure is identified and established to provide services in accordance with the incident action plan (IAP).  
  
Range            may include but is not limited to – supply unit, facilities unit, ground support unit, communications unit, medical unit, catering unit, finance unit.
- 1.3 Information is gathered and collated in a form suitable for recording and dissemination.
- 1.4 Participation and input to the IAP is in accordance with CIMS.

### Outcome 2

Manage logistics resource requirements and tasks at an incident.

#### Evidence requirements

- 2.1 Logistics resource requirements are acquired in accordance with the IAP.
- 2.2 Logistics tasks are allocated in accordance with the IAP.

**Outcome 3**

Manage the logistics support units activated for the incident response.

**Evidence requirements**

- 3.1 Logistics support units are managed in accordance with available resources and the IAP.

**Outcome 4**

Maintain the logistics support units of an IMT.

**Evidence requirements**

- 4.1 Future logistics requirements are identified in terms of current servicing and support facilities.

Range unit team structure and delivery, ground support, facilities, communications.

- 4.2 Logistics records are maintained in accordance with agency procedures.

Range all activities, issues, decisions, purchases, delivery advice, finance, insurance.

**Outcome 5**

Manage demobilisation of the logistics support units and conclude logistics coordination activities.

**Evidence requirements**

- 5.1 Demobilisation of the logistics support units is undertaken in accordance with the demobilisation plan as outlined in the IAP.

- 5.2 Physical, human, and financial resources are accounted for in accordance with agency procedures and CIMS.

- 5.3 Reports and debrief process and procedures are implemented in accordance with agency procedures and CIMS.

This AMAP can be accessed at <http://www.nzqa.govt.nz/framework/search/index.do>.

**Please note**

Providers must be granted consent to assess against standards (accredited) by NZQA, or an inter-institutional body with delegated authority for quality assurance, before they can report credits from assessment against unit standards or deliver courses of study leading to that assessment.

Industry Training Organisations must be granted consent to assess against standards by NZQA before they can register credits from assessment against unit standards.

Providers and Industry Training Organisations, which have been granted consent and which are assessing against unit standards must engage with the moderation system that applies to those standards.

Consent requirements and an outline of the moderation system that applies to this standard are outlined in the Accreditation and Moderation Action Plan (AMAP). The AMAP also includes useful information about special requirements for organisations wishing to develop education and training programmes, such as minimum qualifications for tutors and assessors, and special resource requirements.

**Comments on this unit standard**
